

Questions for Incomings:

Should I come to Berlin for the summer semester?

We strongly recommend not to come to Berlin for the summer semester, as teaching will only be possible to a very limited extent, if at all.

I'm already in Berlin for the summer semester. What should I do?

We strongly recommend that you break off your stay abroad or do not start at all.

Will the summer semester at Humboldt-Universität take place at all?

At the moment the the start of the summer semester is postponed to April 20th. However, this starting date may very well be postponed again to a later date. It remains undecided and uncertain what percentage of modules will be held online or onsite by the start of the Spring Semester. In this respect, it is very plausible that some modules and classes are postponed or canceled, therefore the pool from classes you are allowed to choose from will be reduced, perhaps even extensively.

What is the new enrollment procedure at Humboldt for exchange students and when will I receive my semesterticket for the Spring semester 2020?

Please contact:

I have already booked a room for my stay in a student residence in Berlin. Can I cancel it?

Yes, please contact: exchange.students@hu-berlin.de

I did already pay the semester ticket and the deposit for a dormitory. Do I get a reimbursement?

We will inform you as soon as possible in order to prepare the reimbursement and organize the cancellation. However, at this point in time no reimbursement regulations have yet been issued.
